

# Oil Pipe Filter Sock

**Removing contaminated sediment and other particles from pipes and hoses has never been easier with the Pipe Filter Sock.**

Simply secure the sock to the pipe or hose of choice, push the water through, and let the geotextile fabric filter your contaminated lines.

Oil-Absorbing Spilltration® technology is specifically designed to remove oily sheen from storm water, while also preventing sediment and debris.

## KEY FEATURES

- ✓ **Highly Absorbent**
- ✓ **UV Resistant**
- ✓ **Filter Sediment, Debris and Oils Down to 53 Microns**
- ✓ **Four Standard Diameters**
- ✓ **Custom Sizes Available**

SKU	Dimensions (Dia. x L.)	Absorb Capacity gal.	Flow Rate gal./min.
43-45-PS-O	4"x5'	0.90	350
43-85-PS-O	8"x5'	1.85	750
43-125-PS-O	12"x5'	2.78	1,000
43-165-PS-O	16"x5'	3.70	1,400

**Do NOT use with acids, bases or oxidizers.**
