

IBC Tote Spill Pallet Installation Instructions

SKU: 5469

PLEASE READ FOLLOWING DIRECTIONS BEFORE USE:

1) The IBC 2000i spill pallet must be placed on a solid, level surface capable of handling 8,000 lbs. (3,628 kg.)

2) It is recommended to have the dispensing bucket area facing forward.

3) Make sure the grates are seated flat on the center pedestal, and the pedestal sits firmly on all four towers.

4) Load the IBC tote onto the pedestal of the spill pallet from the side.

5) The maximum load is 8,000 lbs. (3,628 kg.) The load must be centered on the pedestal.

Never move the spill pallet when loaded.
