

5469-YE INSTALLATION INSTRUCTIONS

PLEASE READ FOLLOWING DIRECTIONS BEFORE USE:

1.) The IBC 2000i must be placed on solid, level surface capable of handling 8,000 lb.

2.) It is recommended to have the dispensing bucket area facing forward.

3.) Make sure grates are seated flat on center pedestal and pedestal seats firmly on all four towers.

4.) Load the IBC container onto the pedestal of the IBC 2000i from the side.

5.) The maximum load is 8,000 lb (3,628 kg). The load must be centered on the pedestal.

6.) Never move the IBC 2000i when loaded.
