

**1-Drum Drum Deck – Black Diamond  
SKU# 5141-BD**

This modular spill tray is a versatile containment option that can house drums to prevent drips and leaks from reaching the floor. The engineered sidewalls even lock together to form an integral corner containment unit when used with the two drum model.

- Lightweight, nestable design ships efficiently
- Cost-effective
- Ribbed floor keeps drums out of the spill
- Modular linkage with another 1-Drum or 2-Drum Drum Deck (5142-BD)
- Patent No: US 9,896,244 B2
