

IBC Pallet Space Saver

SKU# 5460-YE & 5460-YE-D

*Note: IBC Tank not included.

When space is a premium, but containment is a necessity, the IBC Space-Saver is the solution. With its narrow footprint, this IBC containment pallet takes up less area while meeting regulatory requirements for totes up to 330-gallons. It features an extremely durable and rugged design, yet doesn't impede standard workplace operations.

- Optional drain
- Optional tarp to prevent rainwater intrusion
- Higher height for ergonomic dispensing
