

## IBC 2000i Tote Poly Spill Containment Pallet

### SKU# 5469-YE

\*Note: IBC Tank not included.

With a range of standard features designed to improve workflow while still providing containment, the IBC 2000i is the industry leading tote pallet. It has a unique platform capable of handling two IBCs stacked on top of each other, as well as an integral pail holder for full containment throughout the dispensing process.

- Removable platform and grates for easy access to the sump
- Integrated pail holder for safe dispensing
- Forkliftable
- Exceeds secondary containment regulations
